

Applicability Table - 2006 National Patient Safety Goals for Behavioral Health Care

Goals	Settings																
	Crisis Stabilization	Residential	Transitional/Supervised	Foster Care	Therapeutic Foster Care	Corrections	Forensics	Partial Hospitalizations	Family Preservation *	Case Management	In-Home	Outpatient	Vocational Rehabilitation	Shelters	Online	Outdoor	Opioid Treatment Program
<b>1 Client Identification</b>																	
1A Two Identifiers	X	X	X			X	X	X				X				X	X
<b>2 Communication</b>																	
2A "read back"	X	X				X	X	X				X				X	X
2B abbreviations	X	X				X	X	X				X				X	X
2C timeliness†																	
2E "hand-off"	X	X				X	X	X								X	X
<b>3 Medication Safety</b>																	
3B standardize concentrates	X					X	X										X
3C sound/look alike	X	X				X	X	X				X				X	X
<b>4 Not applicable</b>																	
<b>5 Not applicable</b>																	
<b>6 Not applicable</b>																	
<b>7 Infections</b>																	
7A CDC guidelines	X	X				X	X	X				X	X	X		X	X
7B IC/Sentinel events	X	X				X	X										
<b>8 Reconcile Meds</b>																	
8A list on entry‡																	
8B list on transfer§																	

\* Partial hospitalization also includes day treatment, adult day care, and intensive outpatient.

NPSG requirements applicable to behavioral health care settings are marked by an "X."

This grid is intended to provide general applicability information only; applicability in each setting is determined by whether or not the organization provides the care or engages in the activity referenced in the goals.

† Goal 2C applies only if an organization operates a laboratory or contracts with a laboratory.

‡ Goal 8A applies only to organizations that prescribe/order medication(s).

§ Goal 8B applies only to organizations that prescribe/order and/or administer medication(s).
