

SAVE THE DATE!

Joint Commission Accreditation Summit April 28-29, 2009 Rosemont, IL

Pre-Conference – April 27, 2009, Rosemont, IL

The Joint Commission's Premier Accreditation Summit is designed to advance the knowledge and skills of organizational leaders on accreditation-focused strategies and solutions designed to achieve and sustain safe, quality care. The Summit will offer a comprehensive curriculum that will include plenary presentations as well as interactive, program-focused sessions.

Customized accreditation tracks will be offered to meet the distinct needs of hospitals, home care, ambulatory care, behavioral health care, laboratories, long term care, office-based surgery, and home medical equipment accreditation programs. Expert faculty for these programs will include surveyors, members of the standards interpretation group, and other accreditation champions.

Two Executive Sessions have been added to The Joint Commission's Accreditation Summit. These two tracks will be facilitated by Joint Commission leaders, Mark Chassin, MD, President, and Ann Scott Blouin, PhD, RN, Executive Vice President of Accreditation and Certification Operations.

The discussion will focus on legislative and public policy issues as well as robust process improvement (RPI) efforts. These sessions will be interactive and designed to focus on topics that are critical to organizational leadership. Participation will be limited to 50 attendees per session with the intended audience to include CEOs, CNOs, COOs, CFOs, CMOs, Patient Safety Officers, and Executive Directors of Accreditation.

Because of The Joint Commission's commitment to building strong partnerships with healthcare organizations, the 2009 Summit will also offer you the opportunity to interact with members of The Joint Commission team. Executive directors, business development and field directors, surveyors and members of the standards interpretation team will be available to answer your questions regarding the accreditation process.

Mark your calendars now and plan to join us for this premier, Joint Commission and Joint Commission Resources educational experience.
