| • An external evaluation to demonstrate your organization’s compliance to a comprehensive set of standards that are critical to providing consistent, safe, high quality care.  
• An educational and collaborative on-site survey experience that affords your team the opportunity to learn leading practices from others.  
• Recognizable quality distinction to leverage in your marketplace to referral sources, payor, and the community. | Standards: All Joint Commission standards, providing a foundation for leadership and management that enables the high-quality, person-centered care.  
Fees: For a facility with an average daily census of 100, the three-year accreditation fees are $9,700.  
Survey Length: The survey length for this facility size would be 1 surveyor for 2 days. | Standards: Abbreviated survey focuses on only those LTC standards that are not addressed by the SNF/NF Federal Conditions of Participation (COPs).  
Fees: For a facility with an average daily census of 100, the three-year accreditation fees are $6,100.  
Survey Length: The survey length for this facility size would be 1 surveyor for 1 day. |
| • Compliance to a limited set of standards beyond what is currently required for Medicare/ Medicaid certification to demonstrate your organization’s capability to provide safe, quality care.  
• Little additional on-site survey time beyond current state survey requirements.  
• Accreditation award based primarily upon Medicare/Medicaid certification. | | |
