# Objectives

- *Describe the TJC Survey experience from the perspective of a laboratory enrolling and being surveyed for the first time.*
- *Discuss the use of the Tracer Methodology as the key driver of the survey process.*
- *Highlight the synergies of utilizing a single accrediting agency for both hospital and laboratory.*
- *Consider the positive impact of TJC Lab Accreditation on patient care.*

# Why did we consider a change to TJC Lab Accreditation?

- *System wide accrediting agency across all hospitals*
- *Previous problems with accreditation process*
- *Usefulness of findings*
- *Time spent performing peer inspections*
- *Cost*
