Announcing the Latest Version of JCI Navigator!

JCI NAVIGATOR

JCI Navigator is an online solution designed to work with hospitals who have yet to start or are just starting their quality journey. This integrated solution facilitates a practical and progressive approach to build a roadmap for continuous quality and patient safety improvement.

JCI Navigator will provide your organization with:

- Data on your quality and patient safety maturity based on JCI's evidence-based framework
- Access to a library of information and resources to direct improvement efforts
- Virtual engagement with JCI experts to bring the learnings to life
- Ability to monitor and track improvement progress over time
