

COVID-19 Webinar for Home Care Accreditation

Q&A With The Joint Commission

September 14, 2021

Panel

Robert Campbell, PharmD, BCSCP
Director, Clinical Standards Interpretation Group
Director, Medication Management
The Joint Commission

Mark Miller, RN MBA/MHS
Associate Director
Standards Interpretation Group
The Joint Commission

Kathy Valencia
Field Director
Division of Accreditation and Certification Operations
The Joint Commission

Kenneth Hebert, MAOM, CHSP, CHEP
Engineer
Standards Interpretation Group
The Joint Commission

Maura Naddy, MSN, RNC-OB, CJCP
Senior Associate Director
SIG Operations and Quality Assurance
The Joint Commission

Jennifer Welch, MBA
Associate Director
Division of Accreditation and Certification Operations
The Joint Commission

Tiffany Wiksten, DNP, RN, CIC
Associate Director
Standards Interpretation Group
The Joint Commission

General Questions

Pre-Submitted Questions

Are we able to hold off on doing aide supervisory visits because of the pandemic -- less traffic going into the patient's home?

Pre-Submitted Questions

Do we need to provide 2020 QAPI reports
when the surveyor arrives?

Pre-Submitted Questions

Can you provide an update regarding
telehealth face-to-face encounters?

Pre-Submitted Questions

Can you provide recommendations for hospice volunteer involvement in office versus patient contact?

Pre-Submitted Questions

How long can we continue to do telephonic assessments in place of in-person patient assessments to generate POCs and MD orders etc.?

Recovery and The Joint Commission

Your questions

You have had several questions about our return to survey:

- How or when will we get a survey?
- What will that survey process look like, any differences?
- What type of instruction have you provided your surveyors?
- What will the surveyors focus on?

When and how will survey activity resume?

- Survey activity is being conducted in low-risk areas – including Home Care
- Low risk criteria
 - Number of COVID-19 cases are lower and less impact to organizations
 - the # cases/thousand population and new cases within the county
 - Determination that our staff can travel to that area safely and find appropriate accommodations.
- **The AE will no longer contact organizations regarding the scheduling of an on-site event.** Organizations should continue to monitor the Notification of Scheduled Events section of the Joint Commission Connect page for notification on the first day of survey.
- We are aware that surveys are past their due dates, CMS is also aware – we will conduct those surveys when we are able to do so.
- Prioritized initials and past due organizations. We will also be looking for organizations due in the next few months that meet the low-risk criteria and are currently ready for survey.

The Joint Commission is requiring staff
(surveyors) that interact with organizations to
be fully vaccinated by October 18, 2021

What instructions have been provided to our field staff ?

- Do not travel if you are sick
- Do not travel if you have been in close contact with known or suspected COVID-19 patients
- When traveling they are required to wear a mask/face covering
- **Required to wear a mask on survey and follow the organizations' guidelines. The organization will provide the PPE to the surveyor as required by their policy.**
- Practice physical distancing
- Practice good hand hygiene
- Follow CDC guidelines

What has changed about the on-site survey process?

The survey process and its components will remain the same however here are some guidelines for the survey:

- **Practicing safe social distancing:** Limit the number of individuals in group sessions, minimize the number of staff who accompany a surveyor during tracer activities. Drive in separate vehicles to home visits. Interviewing patients and staff by telephone or virtual home visits.
- **Wearing personal protective equipment:** The surveyors are required to wear face masks, we are asking that organizations provide masks and/or other PPE to surveyors based on the organization's policy.

What has changed about the on-site survey process?

The survey process and its components will remain the same however here are some guidelines for the survey:

- **Utilization of enhanced technology:** The goal is to maximize technology to support social distancing. This may be accomplished through screen sharing, or projection to review EMR and interviewing patients and staff.
- Surveyors will NOT Enter at risk or confirmed COVID-19 homes.
- Surveyor will have limited physical review of high risk and aerosol generating procedures
- Surveyor can consider using a simulation and/or distant review of certain activities/procedures.

Offsite (Virtual) Survey

- **Offsite (virtual) survey**– may be scheduled for some organizations who meet eligibility criteria
- Offsite event is a combination of:
 - Secure Zoom technology for the survey and facility review
 - Use of a secure SharePoint site for document upload to review pre-survey
- A dry run test of technology will be conducted prior to the event
- Most offsite events will have a follow-up onsite event.

What will be the focus of survey activities?

During the opening conference, the surveyor will have a discussion with you about the impact of the current pandemic and your organization's response.

- We will discuss both Infection Control and Emergency Management.
- The focus of our survey will not be the timeframe of the public health emergency but the current situation within your organization.

Additional information

- We would ask that you do not provide additional avoid dates due to the difficulty in scheduling surveys – avoid dates already submitted will be honored to the extent we can do so.
- If an onsite survey is not possible in your area, your AE will contact your organization to determine whether the survey can be conducted off site with an onsite evaluation taking place for those who meet the follow-up requirement.

Note: The State of Iowa has stopped reporting county-level case data, so it has been temporarily removed from this page. We will resume reporting state level data for Iowa in mid March

Environment of Care and Life Safety

Pre-Submitted Questions

Does The Joint Commission follow CMS's emergency preparedness testing exemptions during the COVID-19 PHE?

Infection Control

Pre-Submitted Questions

Have any Infection Control standards changed as we continue to function in the current pandemic?

Pre-Submitted Questions

During a survey, what is The Joint Commission looking for regarding infection control?

Pre-Submitted Questions

Are there specific screening requirements for COVID-19 such as in person temperature taking and question screening for staff, or a required checklist that needs to be completed?

Pre-Submitted Questions

How do we decontaminate oxygen concentrators that may be contaminated with the COVID-19 virus?

CMS 1135

Waivers

Pre-Submitted Questions

When can we expect to hear updates on the 1135 waivers? Will there be sufficient warning before waivers end?

Public Health Emergency (PHE) Extension

The Department of Health and Human Services released a statement on Monday, 07/19/21 stating the PHE was extended

The renewal effective date is Tuesday 07/20/21 and will last for 90 days

This is the sixth extension of the PHE

★ 1135 Waivers will remain in effect during the declared PHE

Pre-Submitted Questions

If we go back into Incident Command mode and enact our EOP again, can we go back to utilizing blanket waivers again?

Pre-Submitted Questions

Does the CMS temporary change under section 3708 of the CARES act, which allows a Medicare-eligible home health patient to be under the care of an NP or PA, also cover/apply to Medicaid (under 21) patients?

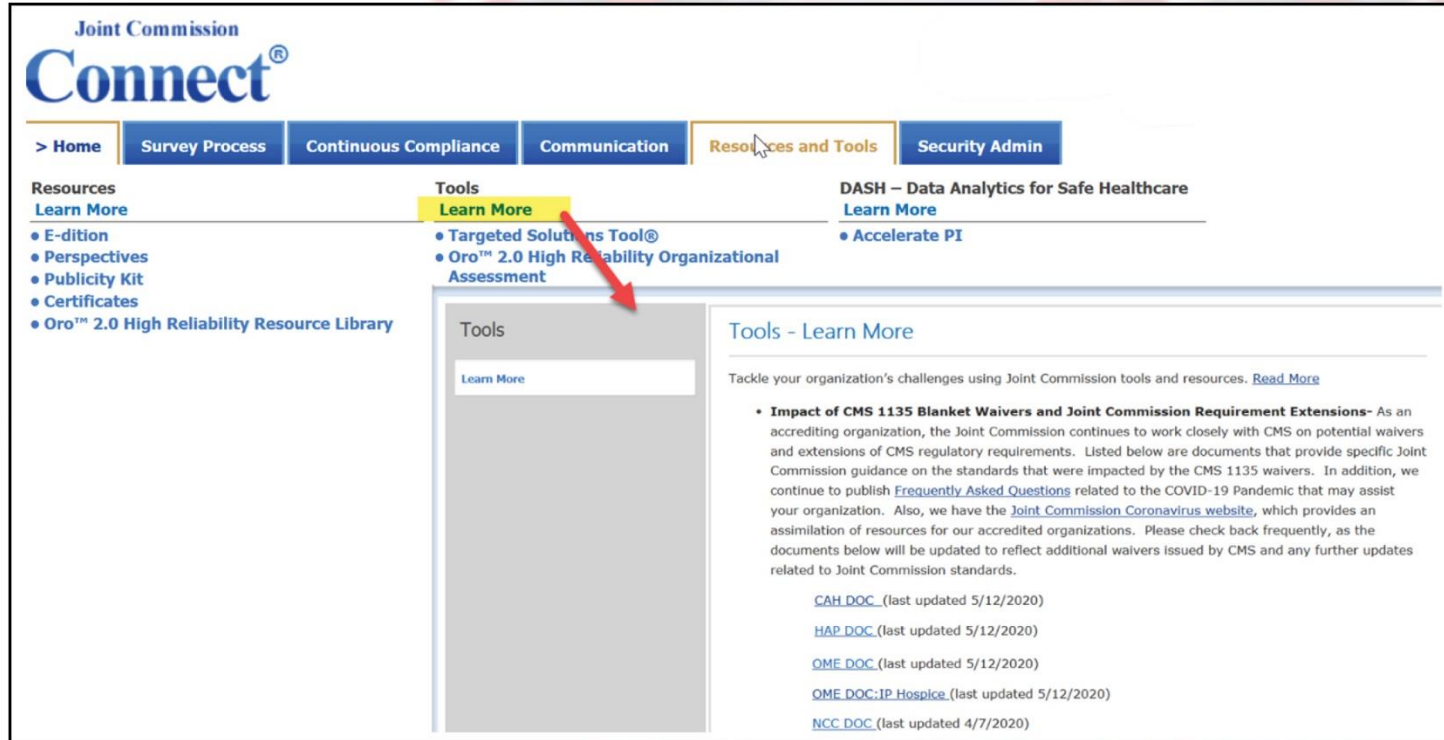

Pre-Submitted Questions

Do you anticipate NP signatures being accepted
in the future as well?

Pre-Submitted Questions

The Joint Commission and the OSHA ETS...how is this standard being surveyed during triennial HAP surveys?

Looking for more information on CMS 1135 Waivers?

The screenshot shows the Joint Commission Connect® extranet interface. The top navigation bar includes links for Home, Survey Process, Continuous Compliance, Communication, Resources and Tools (highlighted), and Security Admin. Below this, the 'Resources and Tools' section is expanded, showing 'Resources' (Learn More) and 'Tools' (Learn More). A red arrow points to the 'Tools - Learn More' link. The 'Tools - Learn More' page contains a section titled 'Impact of CMS 1135 Blanket Waivers and Joint Commission Requirement Extensions' and a list of documents: CAH DOC (last updated 5/12/2020), HAP DOC (last updated 5/12/2020), OME DOC (last updated 5/12/2020), OME DOC:IP Hospice (last updated 5/12/2020), and NCC DOC (last updated 4/7/2020).

Accredited organizations can learn more by visiting **Resources and Tools > Tools > Learn More** in their *Joint Commission Connect*® extranet site.
