

Revisions and Deletions Related to the Standards Simplification Project

Hospital (HAP) Accreditation Program

Leadership (LD) Chapter

LD.02.01.01

Current Requirement Text:

The mission, vision, and goals of the hospital support the safety and quality of care, treatment, and services.

LD.02.01.01

EP: 1

Current EP Text:

The governing body, senior managers, and leaders of the organized medical staff work together to create the hospital's mission, vision, and goals.

Revision Type: Consolidated

LD.02.01.01

EP: 1

New EP Text:

The governing body, senior managers, and leaders of the organized medical staff work together to create the hospital's mission, vision, and goals that guides the actions of the leaders. The mission, vision, and goals are communicated to the staff and the population(s) the hospital serves.

LD.02.01.01

EP: 2

Current EP Text:

The hospital's mission, vision, and goals guide the actions of leaders.

Revision Type: Consolidated

LD.02.01.01

EP: 1

New EP Text:

The governing body, senior managers, and leaders of the organized medical staff work together to create the hospital's mission, vision, and goals that guides the actions of the leaders. The mission, vision, and goals are communicated to the staff and the population(s) the hospital serves.

LD.02.01.01

EP: 3

Current EP Text:

Leaders communicate the mission, vision, and goals to staff and the population(s) the hospital serves.

Revision Type: Consolidated

LD.02.01.01

EP: 1

New EP Text:

The governing body, senior managers, and leaders of the organized medical staff work together to create the hospital's mission, vision, and goals that guides the actions of the leaders. The mission, vision, and goals are communicated to the staff and the population(s) the hospital serves.

Hospital (HAP) Accreditation Program

LD.03.06.01

Current Requirement Text:

Those who work in the hospital are focused on improving safety and quality.

LD.03.06.01

EP: 4

Current EP Text:

Revision Type: Deleted

Leaders evaluate the effectiveness of those who work in the hospital to promote safety and quality.

Hospital (HAP) Accreditation Program

Medication Management (MM) Chapter

MM.04.01.01

Current Requirement Text:

Medication orders are clear and accurate.

MM.04.01.01

EP: 9

Current EP Text:

Revision Type: Deleted

A diagnosis, condition, or indication for use exists for each medication ordered.

Note: This information can be anywhere in the medical record and need not be on the order itself. For example, it might be part of the medical history.

Hospital (HAP) Accreditation Program

National Patient Safety Goals (NPSG) Chapter

NPSG.02.03.01

Current Requirement Text:

Report critical results of tests and diagnostic procedures on a timely basis.

NPSG.02.03.01

EP: 1

Current EP Text:

Revision Type: Consolidated

Develop written procedures for managing the critical results of tests and diagnostic procedures that address the following:

- The definition of critical results of tests and diagnostic procedures
 - By whom and to whom critical results of tests and diagnostic procedures are reported
 - The acceptable length of time between the availability and reporting of critical results of tests and diagnostic procedures
-

NPSG.02.03.01

EP: 1

New EP Text:

Develop and implement written procedures for managing the critical results of tests and diagnostic procedures that address the following:

- The definition of critical results of tests and diagnostic procedures
 - By whom and to whom critical results of tests and diagnostic procedures are reported
 - The acceptable length of time between the availability and reporting of critical results of tests and diagnostic procedures
-

NPSG.02.03.01

EP: 2

Current EP Text:

Revision Type: Consolidated

Implement the procedures for managing the critical results of tests and diagnostic procedures.

NPSG.02.03.01

EP: 1

New EP Text:

Develop and implement written procedures for managing the critical results of tests and diagnostic procedures that address the following:

- The definition of critical results of tests and diagnostic procedures
 - By whom and to whom critical results of tests and diagnostic procedures are reported
 - The acceptable length of time between the availability and reporting of critical results of tests and diagnostic procedures
-

Hospital (HAP) Accreditation Program

Provision of Care, Treatment, and Services (PC) Chapter

PC.01.02.08

Current Requirement Text:

The hospital assesses and manages the patient's risks for falls.

PC.01.02.08

EP: 1

Current EP Text:

The hospital assesses the patient's risk for falls based on the patient population and setting.

Revision Type: Consolidated

PC.01.02.08

EP: 1

New EP Text:

The hospital implements fall risk reduction interventions based on the patient population, setting, and individual patient's assessed risks.

PC.01.02.08

EP: 2

Current EP Text:

The hospital implements interventions to reduce falls based on the patient's assessed risk.

Revision Type: Consolidated

PC.01.02.08

EP: 1

New EP Text:

The hospital implements fall risk reduction interventions based on the patient population, setting, and individual patient's assessed risks.

PC.02.01.19

Current Requirement Text:

The hospital recognizes and responds to changes in a patient's condition.
Note: Hospitals are not required to create rapid response teams or medical emergency teams in order to meet this standard. The existence of these types of teams does not mean that all of the elements of performance are automatically achieved.

PC.02.01.19

EP: 1

Current EP Text:

The hospital follows a process for recognizing and responding as soon as a patient's condition appears to be worsening.
(See also PI.03.01.01, EP 22)

Revision Type: Consolidated

PC.02.01.19

EP: 2

New EP Text:

The hospital develops and follows written criteria describing early warning signs of a change or deterioration in a patient's condition and the appropriate action to take.
(See also PI.03.01.01, EP 22)

PC.02.01.19

EP: 2

Current EP Text:

The hospital develops and follows written criteria describing early warning signs of a change or deterioration in a patient's condition and when to seek further assistance.
(See also PI.03.01.01, EP 22)

Revision Type: Consolidated

PC.02.01.19

EP: 2

New EP Text:

The hospital develops and follows written criteria describing early warning signs of a change or deterioration in a patient's condition and the appropriate action to take.
(See also PI.03.01.01, EP 22)
