

Corporate Advantage for Nursing Care Centers

NEW PROGRAM FOR MULTI-FACILITY ORGANIZATIONS

Addresses the unique management and oversight needs of multi-facility corporation leaders.

Benefits:

- Identifies processes/systems across your sites that impact quality or safety
- Provides unmatched insight into strengths and weakness of your operational processes in any location
- Is an objective foundation for data-driven action plans to achieve corporate quality and safety benchmarks
- Strengthens risk management efforts
- Facilitates better performance on state surveys

Key Features:

- Dedicated team to streamline communication: Account Executive, Standards Interpretation (SIG) representative, and Survey Management
- Annual update with SIG to address key compliance issues
- Custom data report of survey findings to create actionable plans
- Annual account review and planning session
- Annual update webinar on product enhancements
- Participation at your annual meeting to update sites on Joint Commission
- Optional Corporate Orientation for multiple site surveys (fees may apply)
- Optional Corporate Summation at close of multiple site surveys (fees may apply)

Achieve and maintain performance excellence through Joint Commission Accreditation & Specialty Certification.
