CPR Chapter Revisions

The Joint Commission has approved the following revisions for prepublication. While revised requirements are published in the semiannual updates to the print manuals (as well as in the online E-dition®), accredited organizations and paid subscribers can also view them in the monthly periodical The Joint Commission Perspectives®. To begin your subscription, call 800-746-6578 or visit http://www.jcrinc.com.

Please note: Where applicable, this report shows current standards and EPs first, with deleted language struck-through. Then, the revised requirement follows in bold text, with new language underlined.

APPLICABLE TO THE INTEGRATED CARE CERTIFICATION PROGRAM
Effective July 1, 2021

Certification Participation Requirements (CPR) Chapter

CPR 2

The program reports any changes in the information provided in the application for certification and any changes made between reviews.

Element(s) of Performance for CPR 2

1. The program notifies The Joint Commission in writing within 30 days of a change in ownership, control, location, capacity, or services offered. Note: When the program changes ownership, control, location, capacity, or services offered, it may be necessary for The Joint Commission to review the program again. If the program does not provide written notification to The Joint Commission within 30 days of these changes, the program could lose its certification.

1. The program notifies The Joint Commission in writing within 30 days of a change in ownership, control, location, capacity, or services offered. Note: When the program changes ownership, control, location, capacity, or services offered, it may be necessary for The Joint Commission to review the program again. If the program does not provide written notification to The Joint Commission within 30 days of these changes, the program may be denied certification.

CPR 9

Applicants and certified programs do not use Joint Commission employees to provide certification-related consulting services.

Element(s) of Performance for CPR 9

Key: D indicates that documentation is required; R indicates an identified risk area;
1. The program does not use Joint Commission employees to provide any certification-related consulting services.
   Note: Consulting services include, but are not limited to, the following:
   - Helping the program to meet Joint Commission standards
   - Helping the program to complete intracycle evaluation requirements
   - Assisting the program in remedying areas identified in its monitoring as needing improvement
   - Conducting mock reviews for the program

CPR 15

The program provides care, treatment, services, and an environment that pose no risk of an “Immediate Threat to Health or Safety,” also known as “Immediate Threat to Life” or ITL situation.

The program provides care, treatment, services, and an environment that pose no risk of an “Immediate Threat to Health or Safety.”

Element(s) of Performance for CPR 15

1. The program provides care, treatment, services, and an environment that pose no risk of an “Immediate Threat to Health or Safety,” also known as “Immediate Threat to Life” or ITL situation.

1. The program provides care, treatment, services, and an environment that pose no risk of an “Immediate Threat to Health or Safety.”
